RE: RESALE/OWNER UPDATE

Every effort has been made to contact the current registered owner of the following car with VIN No. (#\_\_\_\_\_). Buyer(\_\_\_\_\_) has completed the purchase of this car, and has requested the title be transferred. There have been no claims on the car, and the following efforts were made to notify the current registered owner.

Registered Owner	Date Contacted	Contact Number	Result of call
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Since a good faith effort to trace the current registered owner has been made (pending the approval of the INEX DIRECTOR, John Haggan) the title will be transferred to the current buyer's name. The current buyer will be responsible in making sure the seller and buyer portion are signed on the Used Car Resale Notification Form and the Release of All Claims and Covenant Not to Sue.

This and all records will be kept on file at U.S. Legend Cars International. Unless the last registered owner (\_\_\_\_\_) contacts U.S. Legend Cars International to inquire about the car with Vin No. #\_\_\_\_\_, the most current signature on the Used Car Resale Notification Form will be considered the registered owner.

This letter will be used to update the case file on the car with Vin No.(#\_\_\_\_\_).
